PRESIDENT'S REPORT: President Meyerhoeffer reported the following:

1. Most of the vehicles in the motor pool have very high mileage. The administration has been contacted by a local car dealer suggesting that it would be much more economical to lease five or six cars each year rather than purchase. This possibility is being investigated.
2. The Golden Eagle Booster Club is thinking about the possibility of charging extra for a reserved seat area in the gym. The proceeds would be used to put in more comfortable seating in two or three years and continue with a reserved seat section.

PRESIDENT'S REPORT CONTINUED:

3. King VideoCable has proposed a telecast of some of the college activities; both educational and recreational.
4. The interim legislative committee studying community colleges met in Coeur d'Alene Monday, August 18. Dr. Rolfe Kerr, Commissioner of Education for the state of Utah, was the first speaker. Representatives of the four-year schools were invited and testified that the community colleges should be part of the higher education system. The overall tenor of the meeting was excellent. They will meet on our campus next month.
5. The Fish Technology program at the college was given an award as the outstanding vocational program in the state. Helen Hammond was recognized and received an award as the outstanding vocational instructor in the state.
6. The retrofit of the fine arts and gymnasium is complete.
7. A law suit has been filed against the college and one of its instructors.
